THE SCHOOL

AND

THE STUDENTS

## "A SALUTE TO THE GLADIATORS"

The Gladiators of ancient Rome were well trained and well disciplined. They had to go through rigid training and follow strict rules of conduct to prepare themselves for battle. They were brave and courageous for they often had to face larger men with better weapons. They were persistent and full of purpose for from the beginning of their training they set out to win.

Anyone can be a Gladiator.

We can be Gladiators on our football and basketball teams' because we have to go through a strict training program. Our athletes must be well disciplined; they must be taught fundamentals, rules and plays. Our Gladiators must be persistent and full of purpose; they must go out on the field to win even though the other team may be larger and seem better.

We must be Gladiators in the class room. Students must be well trained and disciplined in their study habits. We must be persistent and full of purpose, always trying to improve our grades and achieve high scholastic honor.

We must be Gladiators in the other activities offered at Gavit. We must be well disciplined and full of purpose, always reaching for higher goals.

Douglas Jones

Principal

### IN APPRECIATION

I wish to express my appreciation to the Gavit students, their parents, the faculty, and our friends for the united effort in supporting the program and policies of our school.

I am pleased with the scholastic attainments of our student body. The results of our endeavors in athletics, music, speech, and other extra-curricular activities have been commendable. I can sense a spirit of loyalty in an atmosphere of industry that assures success.

As a young school we have much to look forward to and much to plan for. Each of us will play a vital part in the growth, development, and establishment of a Junior-Senior High School of the first rank.

Let us all work together to make Gavit the best in whatever we undertake.

Lewis F. Witham, Principal
